

Missing Number Multiplication

Worksheet Number 6

Name: _____

$\underline{\quad} \times 11 = 99$ <small>(1)</small>	$10 \times \underline{\quad} = 50$ <small>(11)</small>	$5 \times \underline{\quad} = 40$ <small>(21)</small>
$2 \times \underline{\quad} = 22$ <small>(2)</small>	$\underline{\quad} \times 5 = 35$ <small>(12)</small>	$\underline{\quad} \times 3 = 24$ <small>(22)</small>
$10 \times \underline{\quad} = 40$ <small>(3)</small>	$\underline{\quad} \times 5 = 50$ <small>(13)</small>	$\underline{\quad} \times 2 = 22$ <small>(23)</small>
$\underline{\quad} \times 3 = 33$ <small>(4)</small>	$7 \times \underline{\quad} = 77$ <small>(14)</small>	$\underline{\quad} \times 9 = 63$ <small>(24)</small>
$3 \times \underline{\quad} = 36$ <small>(5)</small>	$11 \times \underline{\quad} = 132$ <small>(15)</small>	$\underline{\quad} \times 7 = 42$ <small>(25)</small>
$\underline{\quad} \times 3 = 24$ <small>(6)</small>	$\underline{\quad} \times 11 = 132$ <small>(16)</small>	$7 \times \underline{\quad} = 63$ <small>(26)</small>
$12 \times \underline{\quad} = 84$ <small>(7)</small>	$2 \times \underline{\quad} = 12$ <small>(17)</small>	$3 \times \underline{\quad} = 36$ <small>(27)</small>
$\underline{\quad} \times 7 = 21$ <small>(8)</small>	$\underline{\quad} \times 8 = 40$ <small>(18)</small>	$\underline{\quad} \times 6 = 24$ <small>(28)</small>
$12 \times \underline{\quad} = 132$ <small>(9)</small>	$12 \times \underline{\quad} = 84$ <small>(19)</small>	$3 \times \underline{\quad} = 21$ <small>(29)</small>
$\underline{\quad} \times 12 = 96$ <small>(10)</small>	$6 \times \underline{\quad} = 66$ <small>(20)</small>	$\underline{\quad} \times 12 = 36$ <small>(30)</small>
